Zen

hey! thanks for coming out to **dbb18!**
im so glad this one was able to happen :)

I was actually very nervous about the fact that this DBB is taking place in March instead of the standard February, but it gave us more time to put everything together + allow for the C*VID-19 cases to go down a bit.... so we'll just say the March date was on purpose ♡

Getting to put this lineup together was so MUCH fun.... like I can't comment on how amazing the actual show will be (because it hasn't happened yet) but I just know it will be awesome :)

Like, I already knew NC had some amazing local talent, but putting together this lineup really made me realize the diversity of artists in this area... from r&b to metal to experimental to indie to trap, we got it all! special shoutout to all of our performers!!

now to talk about KNC for a bit... I love this place SO MUCH!!! real talk, I actually delayed my graduation by a year so I could spend more time working at WKNC, that is how dedicated I am.... I also re-applied to be the general manager again next year, so you will be getting another zine letter from me again next year... to all the DJs I've met + trained, all the staff I've had the pleasure of working with, everyone else I've met not even @ KNC in my adventures of being GM, I love you all and am so glad I got to meet all of you! I've never been a part of an organization this big before and its amazing how we're like a big ol' family, I will remember y'all forever and always laugh at our inside jokes we have... thanks so much for being a part of my life and allowing me to be a part of this station... see you again NEXT YEAR!
